PROFESSIONAL SUMMARY

I am an Artificial Intelligence Engineering student seeking opportunities to apply and further develop my knowledge in AI, particularly in projects involving Python, algorithms, and application development. I have a strong background in artificial intelligence, programming, and algorithmics, along with hands-on experience in video game development using Unreal Engine and participation in international projects. My skill set includes teamwork and international cooperation.

EDUCATION & CERTIFICATIONS

	UA - University of Alicante /
Sept. 2023 –	Universitat d'Alacant Bachelor's Degree in Artificial Intelligence Engineering Second Year
May 2024	Oxford Test of English Certificación de nivel B2 en Inglés. CERTIFICATE REFERENCE NUMBER: 263339

INTERNATIONAL MOBILITY & PROJECTS

	Erasmus HOME (Human Out Migration in Europe)
Sept. 2021 –	Collaboration with IES Torrellano / Multicultural project experience
– Mayo 2023	Project Reference: 2020-1-FR01-KA229-079855
Dec 2024 –	MULTILINGUAL_CENTRALIZED_SCREENING_

SKILLS & TOLS

Scripting tools: git, Docker, CMake, Bash
