*I am an Artificial Intelligence Engineering student seeking opportunities to apply and expand my knowledge in AI, particularly in projects related to Python, algorithms, and application development. I have a strong background in artificial intelligence, programming, and algorithms, along with hands-on experience in video game development using Unreal Engine and participation in international projects. My skill set includes teamwork and international cooperation.*

## INTERNATIONAL MOBILITY AND PROJECTS

### ERASMUS HOME (HUMAN OUT MIGRATION IN EUROPE)

Double mobility in collaboration with IES Torrellano, Sept 2021  
Project ref: 2020-1-FR01-KA229-079855

**Budapest, Hungary**

Sept 2021

**Torrellano, Spain**

March 2022

### UNIVERSITY PROJECTS

Implementation of a [fuzzy system](#) using fuzzy\_expert in Python for managing a 2D robot on a plane to follow all practice directives

**Alicante, Spain**

Sept 2022

Development of a functional backend [calendar](#) in C++ Development of a functional backend calendar in C++

Development of a product management [API](#) deployed with cloudflared, Apache, and MongoDB (Frontend included)

Use of [embeddings](#): graph exploration and dataset generation with pandas for visualization and the generation of embeddings using Node2Vec and Matplotlib

### INDI PROJECTS

Assembly of a 3D [video game](#) with Unreal Engine 4, using blueprints and C++

**Alicante, Spain**

2019

[Spotify WRAPPED](#), a Jupyter notebook providing in-depth analytics about the music you listen to

**Alicante, Spain**

Oct 2024

[Chat GPT WRAPPED](#), a couple of Python scripts that export ChatGPT usage data to measure its usage

**Alicante, Spain**

Oct 2024 – present

## EDUCATION

### UNIVERSITY OF ALICANTE

Artificial Intelligence Engineering (Second Year)

**Alicante, Spain**

Sept 2022 - present

### OXFORD TEST OF ENGLISH

B2 Level, ref: 263339

**Alicante, Spain**

May 2024

## ADDITIONAL SKILLS

**Scripting tools:** git, Docker, CMake, Bash

**Machine Learning Tools:** PyTorch, Hugging Face, pandas, numpy, matplotlib, ollama, AI gents

**Programming:** Python, C++, C, Swift, LaTeX, noSQL, SQL, JS

**Languages:** English (Fluent), Spanish (Native), Catalan (Native)
